

## Reef Cruiser Information Pack

The Reef Cruiser is a comfortable and compact diving boat running day trips from Phuket. Great food, an international crew and excellent service combined with a friendly atmosphere on board add up to superb days out. As one of the fastest day trip boats in Phuket journey times to the dive sites can also be considerably shorter than the average dive boat giving you time for an extra long siesta or an additional cocktail or two on your return to land!

### Lower Deck

The lower deck consists of the captain's cabin, lounge area and dive deck. The covered lounge area has comfortable seating and a continual flow of Phuket's fresh sea air. A spacious European style bathroom can be found off to one side with modern WC, sink, hot water shower and even a mirror! At the back of the boat is the dive deck giving plenty of room for gearing up and a low platform for easy entry into the water.

### Upper Deck

The upper deck can be reached by climbing up a small ladder at the rear of the boat. Upstairs consists of a sun deck area for the sun worshippers and a large seated area with canopy to protect those with fairer skin. With tables in between the seats this is the perfect place for admiring Phuket's scenery to and from the dive sites, enjoying the tasty buffet-style lunch and reminiscing about the day's diving whilst completing log books on the journey home.

### What's Included

Included in the price of the trip are the following:

- Transport from/to hotel by air-conditioned minibus (Patong, Kata, Karon, Chalong).
- Light breakfast
- Buffet-style lunch
- Tea, coffee, water free of charge throughout the day
- Freshly laundered towel each for use during the trip
